The Chief Seattle Council's state-of-the-art COPE course, located at Camp Pigott, offers a premier teambuilding and personal initiative program for Scouting teenagers age 13 and older and their leaders. COPE activities help units learn to work more effectively as teams while providing youth with a safe, fun place to challenge themselves to perform at their best.

BSA COPE is designed specifically for teenagers and their adult leaders, including Venturers, Varsity Scouts, OA members, camp staff, ESAR, Explorers, Sea Scouts, NYLT staff, and more.

A typical COPE experience is a daylong activity, or several hours per day during a week at summer camp. It consists of a series of outdoor challenges, beginning with group initiative games, progressing to complex team problem-solving challenges, and then onto the High Ropes Course for intense personal challenges. Participants work together to climb, swing, balance, jump, and mostly think through solutions to a variety of challenges. COPE emphasizes cooperation and team problem solving.
