We are pleased to announce the Chief Seattle Councils Scouting @ Home award. This award is for those Scouts and Scouters who have continued to participate in Scouting in some form during the Covid 19 Pandemic. Because we understand the needs of each family and unit are different, the requirements for this award are intended as a guideline with the Scout's unit leader able to adjust the requirements as needed. Requirements for this award can be completed any time between March 1st and June 30th, 2020.

The patch for this award will be available for order in mid to late June through the Council website.
