

Camping Refund Policy

Preparing for camp requires our council to make certain advanced commitments and purchases including food, program supplies, equipment, repairs and maintenance and to employ staff.

This refund policy is for the following programs: Scouts BSA and Cub Scout resident camp, winter camp, and NYLT.

Summer 2020

In the event the State of Washington and other authorities prohibit summer camp operation this season, current troop reservations and fees will automatically be transferred to our 2021 season for the same session originally planned. There is nothing more your unit needs to do until 2021. Current units will receive a 6% fee discount by keeping their reservation with camp

If a unit cancels their summer camp reservation and their session is not cancelled, they will forfeit their initial per person deposit.

Refund Requests

All refunds must be made in writing to campingdept@seattlebsa.org no more than 10 business days after the unit's session. Include the reason for withdrawal, unit number, camp/session, and participants name.
