

# “North to Alaska” Orca District Cub Camp 2018

Dear Volunteer,

We appreciate your help at our upcoming Orca District Cub Scout Day Camp, “North to Alaska” 2018.

We have been working long and hard to put together a fun program for the scouts, and we are excited that you will be a part of making our camp a GREAT experience for the Cubs. We cannot put on camp without everyone’s help. We are all volunteers, working together to provide the scouts with new, fun and exciting experiences at camp. No matter how many days or ways you are helping, WE NEED ALL OF YOU!!! You play an integral part in making our camp a success.

On the day that you are volunteering please know what you are doing and what pack you are from before coming. This information is available from your Pack Coordinator. Please arrive and check in prior to your start time (Station Staff 8:00 am and Den Walkers 8:30 am). Check in at Headquarters to sign in, to get your identification for the day, and to review your assignment location. Station Staff then report to the Quartermaster for station supplies and Den Walkers to your banner post in the gathering area. Please take time to carefully review your leadership manual for instructions and helpful tips for the day. Den Walkers **\*\*Very Important\*\*** remember to bring ice and an extra cooler each day if your kids will be bringing a cold lunch. We will supply only **ONE** cooler for each den and NO ice! Please make your arrangements ahead of time!!

We have two Mandatory Leadership Trainings! Please plan to attend both. The first is June 14, 2018 at the Silverdale Lutheran Building (Roundtable location) 11701 Ridgepoint Dr NW, Silverdale, WA 98383. 7:00 pm. All volunteer online registrations and youth protection training certificates must be completed by this date. The second training will be on EITHER July 8, 2018 OR July 9, 2018 7:00 pm AT the Kitsap County Fairgrounds. Please **leave your cubs home** during both trainings.

## A few reminders:

- The cubs will look to you for leadership. **Always wear a smile** and speak with kindness and respect.
- Please do not ever be alone with a scout, even your own son.
- If you are taking medicines while at camp, please do so at headquarters.
- Discipline is your responsibility when at camp. If a camper is getting out of control and walking/station leadership needs help - let the Camp Director help at Headquarters.
- Please silence your cell phones during camp. They are very distracting to the scouts and distract you from watching/helping the scouts. Also, no chairs/magazines, etc., during station time. This is your opportunity to be involved with the cubs, having fun and helping them do THEIR BEST!

## Please bring:

1. Sack lunch (in a Ziploc) – with your name on it.
2. Bring your smile, sense of humor, and enthusiasm. This is a wonderful opportunity for you!!
3. Good shoes – **CLOSE TOED**. You will be on your feet all day.
4. Dress for the weather and with modesty. You will be very active during the day, be aware of your clothing and the youth that will be around you.  
**\*\* At the Camp Director’s Discretion failure to comply with the last two will necessitate a trip home to change.**

Please contact us with any needs. THANK YOU!!!!!
